

2023 Texas Lung Cancer Conference (TLC)
March 30-April 1, 2023
Austin, TX

DISCLOSURE INDEX

The Medical Educator Consortium, Inc. in accordance with the Joint Accreditation Criteria and the Accreditation Council for Continuing Medical Education (ACCME) Standards for Integrity and Independence in Accredited Continuing Education, has implemented a process where everyone who is in a position to control the content of a CME/CE activity has disclosed to us all relevant financial relationships with any ineligible company that they have had over the past 24 months. There is no minimum financial threshold; disclosure must be made regardless of whether the person views the financial relationships as relevant to the education. **The ACCME defines an ineligible company as any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.** MEC has implemented a mechanism to identify, mitigate and disclose relevant financial relationships prior to the education activity being delivered to learners.

As a Joint Accreditation (JA) Provider, decisions in the planning process of this conference were made free of the control of ineligible companies. All individuals who are in a position to control the content of this educational activity have disclosed all relevant financial relationships with any ineligible companies to the provider. This disclosure includes all persons in control of content to include staff and educational committee members involved in the planning process.

The ACCME defines an ineligible company as any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. The ACCME does not consider providers of clinical service directly to patients to be ineligible companies.
